## Wild Wonders Wildlife Park Internship

### General Responsibility:

- To assist in all aspects of animal care and exhibit maintenance of captive native wildlife in the Wild Wonders Wildlife Park.

### Requirements:

- Must be working towards a degree in zoology, fisheries and wildlife, environmental studies or other related field.
- Experience and aptitude for working with animals preferred.

### Responsibilities:

- Research, plan and implement behavioral enrichment for all birds and mammals on a rotating basis.
- Open and close the Wild Wonders Park.
- Feed and clean in Wild Wonders as a substitute.
- Assist in physical exams and health maintenance of all animals.
- Perform routine observations.
- Assist in training educational mammals for programs.
- Assist in wildlife rehabilitation clinic as needed.
- Perform simple cage maintenance and repair.

### Time commitment/compensation:

- Requires 24 hours per week from early May until September for Summer internships.
- Requires 12-16 hours per week for Fall (September until January) and Winter (January until April) internships
  - Weekends are available.
  - This internship is on a volunteer basis. College credit may be available. Please consult with your department advisor.

**Please email to Katelyn Lewis, our Wildlife Park Coordinator, at [katelynl@howellnaturecenter.org](mailto:katelynl@howellnaturecenter.org) with an updated resume to arrange an interview.**
