Wildlife Rehabilitation Clinic Intern

General Responsibility:

To assist in all aspects of the care and maintenance of injured or orphaned Michigan native wildlife.

Requirements:

- Must be working towards a degree in biology, zoology environmental studies or related field.
- Experience with and aptitude for working with animals

Hours:

- Interns are required to work 16 hours per week including some weekends and some holidays.
- College credit may be available depending upon educational institution.

Responsibilities:

- Admit and administer first aid to injured or orphaned wildlife.
- Assist in daily feeding and cleaning of animals and the infirmary.
- Assist in medical treatment of animals.
- Maintain pens and cages.
- Keep accurate records on the animals in our care.
- Answer wildlife questions/provide advice to the general public.

Time commitment/compensation:

- Requires 24 hours per week from early May until September for Summer internships.
- Requires 12-16 hours per week for Fall (September until January) and Winter (January until April) internships
 - Weekends are available.
 - This internship is on a volunteer basis. College credit may be available. Please consult with your department advisor.
